HELP US KEEP MALHEUR COUNTY WARM

Community in Action will be hosting a Point in Time (P.I.T) count event for our homeless community. P.I.T. counts are designed to determine how many families and individuals in Malheur County, are struggling with homelessness or housing instability. Donations from this drive, along with other essentials will be available during the event for this community. Details regarding place and time of the event will be posted in January 2022. Thank you for your support!
